

Elementary and Intermediate Examination (Entrance)

Creativity is the act of turning new and imaginative ideas into reality. The best way a child can express this, is in the form of drawing.

A child can just draw and we can easily understand the creativity, imagination, inventiveness, his ideas, thoughts and feelings.

A child/student being the centre of education system, Government of Maharashtra conducts the Elementary and Intermediate Examination in Drawing. The main purpose is encouragement and development of art education amongst young aspiring individuals.

In RMD Sinhgad School, selection of some students was done for the Elementary and Intermediate Exam on 24th June 2019. For this students of std. VI, VII VIII and IX participated in large numbers to qualify for this examination. The topics given to them :- Memory Drawing, Still Life, 2D Design of musical instruments. Students exhibited their talent and creative skills. The selected students are eligible to participate in the Elementary and Intermediate Exam which will be conducted in the month of September 2019.
